NOTE Only the models corresponding to the listed sizes and which are according to the approved technical documentation of this certificate may be marked with the ECB•S fire certification mark. The marking of the models 1065, 1265, Opal Fire 100 and Opal Fire 120 with the ECB•S fire certification mark is therefore not permitted.

To protect from fire, it is recommended to anchor the storage units firmly. In case the anchoring hole in the back wall is opened an anchoring in the back wall is a must.

The marking as ECB•S certified product, in compliance with this certificate, is only allowed with an original ECB•S certification mark as proof of conformity according to ISO/IEC 17065.
