

Deposit safes Grade III

As per EN 1143-2

The deposit safes are ideal for businesses with large cash handling, where the staff must be able to deposit notes, envelopes and other securities safely without having access to the material themselves inside the safe.

Even with an unlocked deposit drawer, you cannot access the material in the safe.

Pearl white, RAL 9010.

Standard equipped with two changeable key locks, one on the door and one on the drawer. Electronic combination locks on special order.

Models 80, 900 and 1200 are fitted with one shelf as standard. More options such as a drawer on the side or back of the safe are available.

Prepared for anchoring. (Bolts are not included). Cabinets under 1000 kg shall be anchored.

Burglary protection certified by ECB·S according to EN 1143-2.
