

Fire safety cabinets BAS

As per SP method 2369

Robur's fire safety cabinet protects flammable liquids and aerosols from fire and provides a good exposure of the products. The cabinets are well suited for grocery stores, supermarkets, gas stations, hardware stores, hair salons and more.

White color, RAL 9010.

Standard equipped with 4 adjustable feet and 3-5 shelves.
Maximum load capacity of each shelf: 80 kg.

Equipped with a high-class energy-efficient LED lighting that provides a good exposing light, has low energy consumption and a long life.

Fire protection certified by RI.SE and SBSC. The testing has been carried out as per SP method 2369 in version 5 and version 6 respectively.
