

Security drawers with time delay

RSH 2000 NF – Robur Office Line

Robur introduced the Time Delay Drawer Pedestal in Northern Europe more than forty years ago. Since then, almost one hundred thousands units have been installed. Many different models have been developed at customers' request through the years. The RSH NF serie is designed for safety storage of valuable confidential business documents.

RSH 2000 NF-2

RSH 2000 NF-2H

RSH 2000 NF-4

Modern design painted in silver metallic.

The unit is equipped with Robur's unique pincode lock, which is integrated into the construction. From the keyboard individual codes and time delays can easily be programmed for each drawer.

The unit has keylock switch which activates the pincode-lock.

One stationary tray in the top drawer of RSH 2000 NF-2 and NF-2H.

Two movable dividers in the upper drawer of RSH 2000 NF-2 and NF-2H.

No internal fittings in RSH 2000 NF-4.

Each unit is connected to the mains 230-240V A.C. by a transformer.

Operating Voltage 12 A.C. Maximum power use is 1,6A.

A backup battery is available on request.

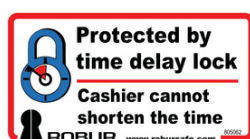

The height can be adjusted.

NF-4 is prepared for anchoring with two holes at the bottom. (Bolts are not included).
