NOTE Certified ACM - types shall exclusively be equipped with high security locks according to EN 1300 which are listed both in the approved technical documentation and in the lock guide ECB•S R01. It is not permitted to use the locks *RUNNER ELECTONICS LOCK 3154/1/3/5* and *PRIMOR 100* as *main* lock in the ACM series.

The types of the series *ACM* have a weight of $\leq 1,000$ kg. In accordance with the technical documentation they therefore have to be equipped with an anchoring assembly including material.

The marking as ECB•S certified product, in compliance with this certificate, is only allowed with an original ECB•S certification mark as proof of conformity according to ISO/IEC 17065.
